

Mobility opens new horizons

Notebook Accessories Guide

Enhanced mobility for notebook users through accessories

Power

- Use the power outlets in the office, in meeting rooms or at home without circumstances - additional AC adapter
- Freedom to recharge batteries and work away from usual power outlets while in cars or planes - car / truck / air adapter
- Frequent travelers' independence from any power outlet - second batteries

Storage

- Tune your notebook for more performance – Memory modules
- Fast, secure and uncomplicated data transfer to other systems - external storage e.g. MEMORYBIRD P or CD/DVD writer drives for modular bay
- Safe your valuable data with backup media - second hard disk

Mobile Enhancement

- Comfort of desktop systems in seconds - Port Replicator
- Need for network access from anywhere via different modes of communication – ISDN PC Card or Express Card
- Concentration on the important things with the right presentation tool - Presenter III
- Protect your exclusive notebook from theft – high quality steel cable solutions from Kensington in different variants
- Save your notebook from unauthorized access – SmartCard technology
- Convenient transport of notebook, accessories and other essential things – various portfolio of special designed notebook cases for any demand
